PASTA INDUSTRY

**Helios Pasta Industry presents
its new, tasty Gluten Free pasta
made exclusively from selected corn and rice**

HELIOS Gluten Free pasta is made from selected corn and rice - GMO free. For this reason, it is inherently gluten free. It is an ideal solution for people with celiac disease or with intolerance to gluten and its derivatives, as well as for those who want their pasta saturated with natural flavor or those who favor a more energy-rich diet.

It is tasty, light and easy to digest, and can be combined with any sauce, such as tomato or basil sauce.

You can choose spaghetti, penne rigate, twist or orzo, and enjoy a healthy and delicious Mediterranean cuisine daily!
